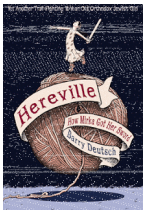
Yet Another Troll-Fighting 11-Year-Old Orthodox Jewish Girl [1]



[2]

Looking for a fantasy story that treads new ground? Look no further than Hereville: How Mirka Got Her Sword [3] by Barry Deutsch. This refreshingly offbeat graphic novel tells the story of a young girl in an isolated community who wants to be a dragon slayer. Mixing elements of fairy tale, Yiddish folklore, and small town dynamics, Barry Deutsch has created a coming-of-age hero tale that is also a magical and poignant picture of Orthodox Jewish life. Recommended for grades 4 and up.
