- E-Textile Fashion

Main Library Children's Program [1] Main Library Teen Program [2] Maker Program [3] Program Room 2B [4]
Monday, June 30, 2014 | 3:00 pm - 5:00 pm
http://mcpl.info/sites/default/files/imagepicker/6/e-textiles.jpg [5]
Fashion is being transformed by the integration of wearable technologies.
Light up your wardrobe and work on basic programming skills in this unique hands-on introduction to e-textiles. During this three-part workshop you gain new sewing skills, learn how to use conductive thread to sew a circuit, and use the block-style programming software *ModKit* to program a sewable *LilyPad Arduino*.
Prerequisite: You must make a hat at the Mending Day program on Saturday, June 28 to participate in this workshop.
Please register for all three sessions. Completed grades 4-12
