Grolier Online and other Homework Help Tools [1]

[2] I live with a wonderful third grader. But on occasion, he forgets to tell me until late at night that he has a homework assignment due the next day. Now, I'm as big a fan of Google [3] as anyone, but when I need to find information quickly from a trusted source at a reading level suitable for a third grader, or other school-age student, I am grateful to have access to ***Grolier Online*** [4].

Grolier Online is a multimedia encyclopedia that provides you with a wealth of information on a range of topics. Topics include links to related magazine articles and recommended web sites. And most topics include images and maps, when relevant. The Monroe County Public Library's subscription to ***Grolier Online*** includes the reference databases *America the Beautiful* for information on states, and *Lands and People* for information on countries around the world. MCPL card holders can access all the resources *free* from home by logging in with their library card number.

So the next time you are tempted to just "Google it," try ***Grolier Online*** instead! And take a look at the other Online Homework Help Resources [5] we recommend, too.
