

# Caleb's crossing

## Books Plus for June

In *Caleb's Crossing*, Pulitzer-Prize winner Geraldine Brooks returns to the seventeenth century setting she captured so well in *Year of Wonders*, but this time around she's chosen the New World for her location. The novel tells the story of a deep friendship between a young Pilgrim servant girl, Bethia, and a member of the local Native American tribe, Caleb Cheeshahteaumuck, who later became the first Native American to graduate from Harvard. Before becoming a novelist, Brooks was an investigative reporter who covered the international beat. She brings her investigative and research skills to this novel, and a sense of narrative developed by writing many pieces of journalism and several nonfiction books.

Please join us this Sunday as we discuss this novel with its historical American themes. Here's what the *New York Times* said about it: "*Caleb's Crossing* could not be more enlightening and involving. Beautifully written from beginning to end, it reconfirms Geraldine Brooks' reputation as one of our most supple and insightful Æ-novelists."

Books Plus meets the first Sunday of each month. All are welcome. Join the discussion or simply come to listen.

## Year of Wonders and Caleb's Crossing

*Year of Wonders* is a book about the plague, but it is also so much more than that. Anna lives in a small village in England in 1666. She has two small children and a hard working husband. Despite her struggles with her relationship with her father, and a new minister, things are generally going well for Anna. Unfortunately the true history of the village, as discovered by Brooks, creates a tragic backdrop for Anna's fictional life. First, Anna's husband dies in a mining accident, and to help ends meet, Anna takes in a boarder from London. Shortly after this, her boarder suddenly dies, and people in her village begin falling fatally sick. The death of Anna's husband is only the beginning of the upheaval that Anna is to survive. Near the end of the book,

everything that she has known was turned up on its head.

Geraldine Brooks came upon a sign at the location of the village and did quite a bit of research to create fictional characters and events. Though all the action takes place in the small quarantined village, the language is lush and the characters vivid.
