**Write a review of the book, including plot points, if you wish:**

The book was about a hobbit getting a gift that he wasn't sure he wanted. Frodo Baggins and his friends Sam, Merry, and Pippin help him find a way to destroy the gift (a ring) to end the horrible thing happening to middle earth. "One ring to rule them all..." I loved this book!

**Similar authors or titles?:**

I would recommend the rest of the trilogy and the Hobbit. If you are looking for a new author, I would recommend C.S Lewis.
