

The watcher : Jane Goodall's life with the chimps

See Jane Goodall's Life Through The Eyes Of Two Great Illustrators

Jane Goodall has had a lovely life. From her childhood love of the outdoors to the chance day she contacted famed scientist Louis Leakey, she always knew what she wanted to do: go to Africa and work to help animals. In her life, Goodall has been many things, including an activist for the environment and a UN Ambassador of Peace; however she is most known for her lengthy career working with chimpanzees. In 2011, two books were created that help us to explore Jane's life from its roots to the present.
