The Adult Day Program provides a safe and secure environment while a caregiver is away. Clients have access to many of the same programs and services provided to our residents. Our Alzheimer's Care Center offers nursing services, nutritional meals, stimulating activities, a beauty salon and barbershop, church groups, and even access to laundry services.

Description

For longer-term care, Garden Villa's Advanced Alzheimer's unit provides a quiet, serene environment where residents can receive special care and support. Residents can participate in specialized recreational programs, and our staff can closely assist residents with their day-to-day activities.

Formerly a service of the Hospitality House.
