

Creating Color: The History and Science of Color - Ellettsville

[Ellettsville Children's Program](#) [Ellettsville Program Room](#)

Thursday, June 12, 2014 | 3:30 pm - 5:30 pm

The T.C. Steele State Historic Site in Brown County celebrates local artists and comes to the branch to help teach us the history and science of color creation. A hands-on activity gets you creating colorful paint from items in and around your home. Then you use your own paint to create a work of art. **Completed grades 3-6**
