

New Website for Fiction Readers

What's the third book in the *Hunger Games* trilogy? What comes after *Harry Potter and the Goblet of Fire*? It's easy to find out using this new website available to you from the Monroe County Public Library. eSequels is an online guide to series fiction that is current and complete so you can find the newest title by your favorite author or spot a title that you may have missed. Novels are listed in the correct reading sequence so you can begin at the beginning. Character, location and subject are indexed as well as author and title. Brief annotations are provided that describe each title without "giving away" any surprise endings.

You can find eSequels and many other great sources of information on our A-Z Research Tools page.
