

African American History Month

February is African American History Month! Celebrate all aspects of African American history in MCPL's Movies and Music area. We currently have a special display of DVDs featuring related titles. These DVDs range from documentaries, like Martin Luther King's "I Have a Dream" speech and The Jack5ons: A Family Dynasty, detailing the rise of the Jackson family, to feature films including Malcolm X and Amistad. You might also enjoy some films by these African American directors: Spike Lee, John Singleton or Kasi Lemmons. There are many other DVD titles about African American history in our catalog.

Don't forget we also have a huge number of music CDs by African American artists. This wide variety includes artists like Robert Johnson, Nicki Minaj, David Baker, and Billie Holiday. You can also find numerous African American musicians on Freegal. These artists include Usher, Aretha Franklin, Bone Thugs N Harmony, Beyonce, Bessie Smith, Marvin Gaye, and many more. With Freegal you can download their songs for free!
