

Hot Chelle Rae: Tonight Tonight

I decided to take a look at Freegal again to see what was going on. I noticed that along the left hand side of the website are the top ten downloads from our library patrons. Next to that are the national top ten downloads from other people across the country.

When comparing them both, the number one most downloaded song is called "Tonight Tonight" by Hot Chelle Rae. After listening to it you can hear that it has a catchy lyrical beat. The song is about a guy who finds out that his girlfriend is cheating on him and so he decides that "tonight" is the night that he is going to go out and focus on himself, by partying it up.

If you aren't already familiar with Freegal, you can easily [login using your library card number and your password](#) .. All you have to do is search for a song title or artist that you like and then click on the "download" link. You are allowed three downloads per week. If you have questions about how to use Freegal, please contact the Monroe County Public Library's reference desk.
