

Find Ebooks and Games on Tumblebooks

The library has a growing collection of downloadable ebooks and audiobooks for children. But for young children, the pictures are still an essential part of story. You can access a wide variety of ebooks and audiobooks with pictures for children through our Tumblebooks subscription. This online collection of animated picturebooks include sound and music, and you can choose to have the story read aloud to you, or read on your own. The **Tumblebooks** site also features stories in French and Spanish as well as puzzles and games to play. You can search for titles in a variety of ways, including by subject and by reading level. To access the collection without having to enter a login, visit the Children's Services home page and click on the Tumblebooks button. Give it a try and let us know what you think!
