

Who's Miranda Lambert?

That is the question I asked myself when I looked at this week's top ten downloads from [Freegal](#). Freegal posts the top ten most downloaded songs on its website. These are the songs that our library patrons want the most. This week's top download is "Mama's Broken Heart" by Miranda Lambert.

Born in 1983, Miranda's is from Longview, Texas. Her music can best be described as "country rock". So far she has produced four albums. If you would like to hear a sample of her music or download a few of her songs then you will need to [login to Freegal](#) with your library card number and password.

Here is a picture of Miranda in action.
