Write a review of the book, including plot points, if you wish:

This is a non-cliché post apocalyptic book that centers around a girl named Alex and her young companion Ellie and their survival from zombies and irrational humans. This is a very dark book but it's perfect for any boy or girl looking for a novel packed with action, suspense, and realistic characters. This book is the first of a trilogy, and I can't wait until the third book comes out this fall!

Similar authors or titles?:

Shadows by Ilsa J. Bick (book #2 of the trilogy) Monsters by Ilsa J. Bick (book #3 of the trilogy scheduled to come out September 10, 2013) Burning Terrors by Amanda Alexander and Samantha Johnson

Would you recommend this book?:

DEFFINATELY worth the time if you're into zombies and intense action!
