Write a review of the book, including plot points, if you wish:

Calamity Jack is the sequel to the book, Rapunzel's Revenge. This time, Jack is telling his story, of how he and Rapuzel headed off into the big city to, once again, free the people that they love, this time, from giants. On the way, they meet Prudence, a pixie, and Freddie, a young inventor. Together, they work to free the city, and find out what if really happening there.
