**Write a review of the book, including plot points, if you wish:**

This book is sweet and mesmerizing, like honey. It's part love story, part adventure, and part coming of age story. It follows a group of adolescence brought together by a radio show called Criss Cross. Together they learn how to live, laugh, and love. This is an amazing book by an accomplished author.

**Similar authors or titles?:**

This book is unlike any I have ever read, but fans of Lynne Rae Perkins should enjoy the story.

**Would you recommend this book?:**

Yes, especially if your looking for something to curl up with on a rainy day.
