Forevermore

Author:

Cathy Marie Hake

Write a review of the book, including plot points, if you wish:

Forevermore is about a woman named Hope who follows God's orders despite what is thrown at her. She travels from place to place, going where God tells her she is needed, when she ends up on a farm in Texas. Jakob, the widower who owns the farm hires Hope to help with the harvest and to help protect his sister and young daughter. Instead of sending Hope on her way, he falls in love with her and she with him. They had a lot of misunderstandings along the way but in the end they followed their hearts and God's plan for them and their safety followed through and they lived happily ever after.
