

The front [videorecording]

Patricia Cornwell Movies

[view in catalog](#)

A few days ago I came across two Lifetime movies adapted from Patricia Cornwell's Win Garano series. The first movie is called "At Risk" and the second movie is called "The Front". I have not read the books but as far as the movies go they are pretty good. They follow that classic mystery narrative: A murder, an investigation, an innocent person taken into custody, a short love story, the resolution and the end.

Since Patricia Cornwell's books focus on crimes, there are some bloody and violently graphic scenes and this may not be suitable for all viewers but it may be perfect for those mystery lovers out there. The library has one copy of each dvd. Also, she has one of the best interactive websites that I've seen in a long time.
