

were still perceptive, but bizarre: with repeated words, lack of sentences, and odd use of words. Katy had to piece together their meaning.

This is the story of how medical care of the elderly affected one family. It also documents how adult children often must parent their parents. What a difficult transition that is.

Another book that emphasizes communication and humane care for the elderly is Dennis McCullough's *My Mother, Your Mother: Embracing Slow Medicine?the compassionate approach to caring for your aging loved ones.*
