**Description**

The Hoosier Canoe Club, founded in 1963, is a common adventure organization for outdoor enthusiasts who enjoy paddlesports, camping, wildlife and friendship. During the winter months the annual Activity/Trip Schedule is developed for the upcoming season and in early April becomes available to the membership. Trips are featured nearly every weekend from March through October. A monthly newsletter details each scheduled activity for time, meeting location, shuttle particulars, and other logistics. From calm flatwater to thrilling whitewater, the club's varied schedule has trips for all abilities and interests
