**Why did you decide to read this book? Did a friend suggest it? Did it have an interesting cover?:**

My teacher read the first book in the series, and I liked it a lot. I wanted to read the next book.

**What is the story about?/What happened in the story?:**

Max, Fang, Iggy, Nudge, Gasman, Angel and Total (a talking dog) are avian-human hybrids, or bird kids with wings. When Fang gets hurt, he is rushed to the hospital, where they meet Anne Walker, and she decides to look after them for a while. Anne enrolls the flock in school, and her plan with the School (not the learning kind, an experimental lab) backfires, and her true intentions are revealed.

**Why did you like this story? or Why did you not like this story?:**

It has a lot of cliffhangers, and there was a lot of action that made me want to keep reading.
