Write a review of the book, including plot points, if you wish:

This book is about a boy named Selemawi who moves to America from a refugee camp and he tells his how he made his way to Harvard University. In my opinion, it is a great story and it inspired me even more to work hard to get a great education.

Would you recommend this book?:

I would definitely recommend this book to anyone who likes history, autobiographies, or stories of a kid who thought of schemes to make and/or get money.
