Write a review of the book, including plot points, if you wish:

The Bible has two parts= the Old Testament and the New Testament. The Old Testament starts with explaining how the universe began;which is, the great I AM created it just by speaking.Then it tells how Adam,the first man,and Eve the first woman,sinned and now we all sin; we are not perfect.The rest of the Old Testament is basically how the Hebrews, aka the Isrealites, aka the Jews came about and what happened with them.The New Testament starts out with Jesus' life and then death and after that resurrection.The rest of it is basically letters from Jesus' followers after His ascension.
