The invention of Hugo cabret

**Author:**

Brian Selznick

**Genre:**

sci-fi

**Write a review of the book, including plot points, if you wish:**

This book is a wonderful book about a boy named Hugo Cabret, or Professor Alcofrisba, later in the book. He finds a man whom the majority of the world thinks is dead, Georges Méliès, who was a famous film maker. Hugo shows the world that everything has a purpose, and there are never any extra parts.
