Write a review of the book, including plot points, if you wish:

Twilight is about a girl named Bella, who moves from Arizona to her dad's place in Forks, Washington (which is really rainy) and ends up meeting Edward, a male from a family of vampires, called the Cullens. As you can guess, Bella and Edward are together, and the book is about their relationship, and her interactions with other vampires.

Similar authors or titles?:

I don't know of any other author similar to Ms. Meyer, but she's written three other books that are sequels to Twilight.

Would you recommend this book?:

Yes, indeed.
