Write a review of the book, including plot points, if you wish:

While Honestly I was not looking forward to reading this book, I enjoyed it whole heartedly. My first thought was a corny 'I've found my home' Juvenile novel. But it was, to my surprise really good. And it's hard to imagine the same book I pulled out having to read, I couldn't put down when I did.

Would you recommend this book?:

Yes.
